JX1254	Placeholder. Defense counsel is investigating an issue regarding possible gaps in some rate-setting workbooks. Plaintiff reserves the right to add documents produced as a result from that investigation.	

Documents marked with “\*” (for example, JX4) are subject to Plaintiff’s forthcoming motion *in limine* regarding their admissibility.

XOOM asserts a general objection to the disclosure of any non-relevant confidential or trade-secret information that is included in any document designated by either party or on this joint list. XOOM anticipates redacting such non-relevant confidential and trade-secret information from all trial exhibits following the Court’s rulings on the parties’ motions *in limine*.
